

KOMONO

## Reporting & Process Analyst

For our headquarters in Zwijndrecht, Belgium, we are looking for a highly motivated Reporting & Process Analyst who will play a key role in the global expansion of KOMONO.

### Key responsibilities:

- You will have full responsibility to create, maintain and optimize the Sales, Financial and Procurement reporting to enable the company to make the right decisions.
- As you have the full visibility on these departments, you are able to make smart links and propose improvements to drive sales and efficiencies.
- You will be a key member of the ODOO ERP implementation/optimization project team where you will be responsible for specific areas in terms of testing and process optimization.
- You are the gatekeeper to maintain and correct specific masterdata in this ERP system to enable the business to run smoothly.
- You will be a key support in terms of Excel, reporting and other tools for your colleagues.

You will do this in close collaboration with the Operations Manager, who you will also be reporting to.

### Profile & skills:

- You have at least a bachelor degree in Business management or Economic sciences.
- A master degree and/or a few years of work experience are a plus.
- You have very strong analytical skills and Excel doesn't have any secrets for you.
- Experience with an ERP system, preferably Odoo is a plus.
- Full English proficiency is an absolute must, knowledge of Dutch is a plus
- Proactive personality, all-rounder, self-starter, punctual, flexible, ambitious.
- A real Team player who likes to connect with people of all kinds of different backgrounds.
- Excellent planning & organization skills, creative problem-solving skills.

### What we offer:

- Competitive salary.
- Working for a fast growing, international company.
- Represent a Belgian brand, based in Antwerp.
- Working in a creative and stimulating environment with career development opportunities.
- Be part of a young and dynamic team.
- Flexible working hours.
